## Health Coverage for All Children: Georgia

October 2009

### All Children Need Health Coverage that is Affordable, Comprehensive, and Simple.

#### Health Coverage for Georgia's Children:

- 323,000 children are uninsured (12.0% of all children). \*
- 1,105,968 children are enrolled in Medicaid. \*\*
- 311,234 children are enrolled in the Children's Health Insurance Program (CHIP). \*\*\*

#### How affordable is health coverage for Georgia's children? †

- CHIP eligibility is up to 235 percent of poverty (\$51,818 for a family of four).
- Medicaid eligibility is 200 percent of poverty for children 0-1 (\$44,100), 133 percent of poverty (\$29,327) for children 1-5, and 100 percent of poverty (\$22,050) for children 6-19.

#### How simple are enrollment procedures in CHIP and Medicaid for Georgia's children?

- Simplification procedures:
  - No asset test
  - No face-to-face interview
  - Joint Application
- Barriers that remain:
  - No 12-month continuous eligibility
  - 6 month waiting period
  - 6 month renewal period for children in Medicaid
  - No presumptive eligibility—which forces children to wait until their application is processed before they can see a doctor
  - No administrative verification of income—the state requires parents to provide proof of income before a child can get health coverage

**Call your Member of Congress and tell them:** *Health reform needs to make sure that ALL children in Georgia and America have health coverage that is affordable, comprehensive, and simple. A pound sign (#) designates Members who serve on one or more of the committees that developed the health reform bills being considered in the House and Senate.*
