## Health Coverage for All Children: Illinois

October 2009

### All Children Need Health Coverage that is Affordable, Comprehensive, and Simple.

#### Health Coverage for Illinois' Children:

- 266,000 children are uninsured (7.9% of all children). \*
- 1,226,482 children are enrolled in Medicaid. \*\*
- 356,460 children are enrolled in the Children's Health Insurance Program (CHIP). \*\*\*

#### How affordable is health coverage for Illinois' children? †

- CHIP eligibility is up to 200 percent of poverty (\$44,100 for a family of four), and Illinois has a state-funded expansion for all children above that income level.
- Medicaid eligibility is 200 percent of poverty (\$44,100) for children 0-1, 133 percent of poverty (\$29,327) for children 1-19.

#### How simple are enrollment procedures in CHIP and Medicaid for Illinois' children?

- Simplification procedures:
  - 12-month continuous eligibility
  - No asset test
  - No face-to-face interview
  - Presumptive eligibility so children do not have to wait for their application to be processed before seeing a doctor
  - Joint application
  - Administrative verification of income at renewal
- Barriers that remain:
  - 12-month waiting period
  - No administrative verification of income at enrollment—the state requires parents to provide proof of income before a child can get health coverage

**Call your Member of Congress and tell them:** *Health reform needs to make sure that ALL children in Illinois and America have health coverage that is affordable, comprehensive, and simple. A pound sign (#) designates Members who serve on one or more of the committees that developed the health reform bills being considered in the House and Senate.*
