## Health Coverage for All Children: Oregon

October 2009

### All Children Need Health Coverage that is Affordable, Comprehensive, and Simple.

#### Health Coverage for Oregon's Children:

- 113,000 children are uninsured (12.3% of all children). \*
- 276,635 children are enrolled in Medicaid. \*\*
- 73,686 children are enrolled in the Children's Health Insurance Program (CHIP). \*\*\*

#### How affordable is health coverage for Oregon's children? †

- CHIP eligibility is up to 200 percent of poverty (\$44,100 for a family of four).
- Medicaid eligibility is 133 percent of poverty (\$29,327) for children 0-5 and 100 percent of poverty (\$22,050) for children 6-19.

#### How simple are enrollment procedures in CHIP and Medicaid for Oregon's children?

- Simplification procedures:
  - 12-month continuous eligibility
  - No face-to-face interview
  - Joint application
  - No asset test
- Barriers that remain:
  - 6 month waiting period
  - No presumptive eligibility—which forces children to wait until their application is processed before they can see a doctor
  - No administrative verification of income—the state requires parents to provide proof of income before a child can get health coverage

#### Do children in Oregon's CHIP program receive the same comprehensive benefits as children in Medicaid?

- Yes. Oregon provides children in its CHIP program the same comprehensive health and mental health coverage (through the Early and Periodic Screening Diagnostic and Treatment (EPSDT) benefit) that all children in Medicaid receive.

*Despite difficult economic times, Oregon was one of 23 states that took steps to improve health coverage for children in the last year. In 2009, Oregon expanded CHIP eligibility from 185 to 200 percent of poverty, including coverage to all lawfully residing immigrant children, implemented 12-month continuous eligibility for children in Medicaid, eliminated the asset test for CHIP, and simplified the application and renewal process. †*

**Call your Member of Congress and tell them:** *Health reform needs to make sure that ALL children in Oregon and America have health coverage that is affordable, comprehensive, and simple. A pound sign (#) designates Members who serve on one or more of the committees that developed the health reform bills being considered in the House and Senate.*
