Health Coverage for All Children: Wyoming

October 2009

All Children Need Health Coverage that is Affordable, Comprehensive, and Simple.

Health Coverage for Wyoming's Children:

- 12,000 children are uninsured (8.9% of all children).*
- 51,365 children are enrolled in Medicaid.**
- 8,976 children are enrolled in the Children's Health Insurance Program (CHIP).***

How affordable is health coverage for Wyoming's children?†

- CHIP eligibility is 200 percent of poverty (\$44,100 for a family of four).
- Medicaid eligibility is 133 percent of poverty (\$29,327) for children 0-5; 100 percent of poverty (\$22,050) for children 6-19.

How simple are enrollment procedures in CHIP and Medicaid for Wyoming's children?

- Simplification procedures:
 - 12-month continuous eligibility for children
 - Administrative verification of income
 - No face-to-face interview
 - Joint application
 - No asset test
- Barriers that remain:
 - One month waiting period
 - No presumptive eligibility—which forces children to wait until their application is processed before they can see a doctor

Call your Member of Congress and tell them: *Health reform needs to make sure that ALL children in Wyoming and America have health coverage that is affordable, comprehensive, and simple. A pound sign (#) designates Members who serve on one or more of the committees that developed the health reform bills being considered in the House and Senate.*
