ABOUT THE CHILDREN'S DEFENSE FUND

The Children's Defense Fund Leave No Child Behind® mission is to ensure every child a Healthy Start, a Head Start, a Fair Start, a Safe Start and a Moral Start in life and successful passage to adulthood with the help of caring families and communities.

CDF provides a strong, effective and independent voice for all the children of America who cannot vote, lobby or speak for themselves. We pay particular attention to the needs of poor and minority children and those with disabilities. CDF educates the nation about the needs of children and encourages preventive investments before they get sick, drop out of school, get into trouble or suffer family breakdown.

CDF began in 1973 and is a private, nonprofit organization supported by foundation and corporate grants and individual donations. We have never taken government funds.

The Children's Defense Fund (CDF) - Louisiana is sponsoring a two-day statewide Louisiana Summit to address America's pipeline to prison crisis. The summit is planned for Wednesday, October 14 – Thursday, October 15, 2009, at the Catholic Life Center, 1800 South Acadian Thruway, in Baton Rouge, Louisiana.

Every year, tens of thousands of poor children are funneled into the prison pipeline and down life paths that often lead to arrest, conviction, incarceration and even death. The architecture of this pipeline comprises a complex set of factors that includes poverty, race, lack of quality early childhood education, low-performing schools, lack of access to health and mental health care, broken child welfare and juvenile justice systems, struggling families and depressed communities, and a toxic youth culture.

The Cradle to Prison Pipeline constitutes a national crisis that has a devastating impact on low-income Black and Latino communities.

Many boys sucked into the pipeline are virtually precluded from ever becoming productive workers, good husbands and fathers, or contributing members of their communities. Surprisingly, girls are the fastest growing group of incarcerated young people.

We are inviting all faith and community leaders, child advocates, early childhood, health and mental health, child welfare and juvenile justice professionals, educators, lawyers, judges, members of the law enforcement community, elected officials, business leaders, parents and youth themselves to join us in Baton Rouge. **Our goal is to develop powerful strategies for our state to dismantle the pipeline to prison.**
