Children in Foster Care

Numbers – June 2007

- 17,110 children in out-of-home placements under supervision of Michigan's Bureau of Children's Services in the Department of Human Services.
- Of these children, 7,236 were placed with relatives.

Preferences

- State policy requires that relatives be considered first when an out-of-home placement is sought for a child under the care of the state.
- Relative care providers must meet the same licensing standards as non-relative foster parents. Once relatives are licensed, they are eligible to receive a foster care payment if the child is active in the foster care system. Other relative care providers must meet assessment standards that are different than those for non-relatives. Once they meet the assessment standards, they are eligible to receive a Temporary Assistance to Needy Families (TANF) child-only grant.

Subsidized guardianship

- Not available in Michigan
