Health Coverage for All Children: Alabama

February 2011

All Children Need Health Coverage that is Affordable, Comprehensive, and Simple.

Health Coverage for Alabama's Children:

- 81,000 children are uninsured (6.8% of all children).*
- 465,504 children are enrolled in Medicaid.**
- 137,545 children are enrolled in the Children's Health Insurance Program (CHIP).***

How affordable is health coverage for Alabama's Children?†

- CHIP eligibility is up to 300 percent of poverty (\$67,050 for a family of four).
- Medicaid eligibility is 133 percent of poverty (\$29,726) for children 0-5, and 100 percent of poverty (\$22,350) for children 6-19.

CHIP and Medicaid Enrollment Procedures for Alabama's Children:

- Simplification procedures:
 - 12-month continuous eligibility
 - Administrative verification of income for children in CHIP
 - No face-to-face interview
 - No asset test
 - Joint application
- Barriers that remain:
 - No presumptive eligibility—which forces children to wait until their application is processed before they can see a doctor
 - No administrative verification of income for children in Medicaid—the state requires parents to provide proof of income before a child can get health coverage
 - 3 month waiting period
