Health Coverage for All Children: Florida

February 2011

All Children Need Health Coverage that is Affordable, Comprehensive, and Simple.

Health Coverage for Florida's Children:

- 786,000 children are uninsured (18.3% of all children). *
- 1,594,286 children are enrolled in Medicaid. **
- 403,349 children are enrolled in the Children's Health Insurance Program (CHIP). ***

How affordable is health coverage for Florida's children? †

- CHIP eligibility is up to 200 percent of poverty (\$44,700 for a family of four).
- Medicaid eligibility is 200 percent of poverty for children 0-1, 133 percent of poverty (\$29,726) for children 1-5, and 100 percent of poverty (\$22,350) for children 6-19.

How simple are enrollment procedures in CHIP and Medicaid for Florida's children?

- Simplification procedures:
 - 12-month continuous eligibility for children in CHIP
 - No face-to-face interview
 - No asset test
 - Joint application
 - Administrative verification of income at enrollment
- Barriers that remain:
 - No 12-month continuous eligibility for children in Medicaid
 - 2 month waiting period
 - No presumptive eligibility—which forces children to wait until their application is processed before they can see a doctor
 - No administrative verification of income at renewal for children in CHIP
