Health Coverage for All Children: Georgia

February 2011

All Children Need Health Coverage that is Affordable, Comprehensive, and Simple.

Health Coverage for Georgia's Children:

- 316,000 children are uninsured (11.6% of all children). *
- 1,011,900 children are enrolled in Medicaid. **
- 248,268 children are enrolled in the Children's Health Insurance Program (CHIP). ***

How affordable is health coverage for Georgia's children? †

- CHIP eligibility is up to 235 percent of poverty (\$52,523 for a family of four).
- Medicaid eligibility is 200 percent of poverty for children 0-1 (\$44,700), 133 percent of poverty (\$29,327) for children 1-5, and 100 percent of poverty (\$22,350) for children 6-19.

How simple are enrollment procedures in CHIP and Medicaid for Georgia's children?

- Simplification procedures:
 - No asset test
 - No face-to-face interview
 - Joint Application
- Barriers that remain:
 - No 12-month continuous eligibility
 - 6 month waiting period
 - 6 month renewal period for children in Medicaid
 - No presumptive eligibility—which forces children to wait until their application is processed before they can see a doctor
 - No administrative verification of income—the state requires parents to provide proof of income before a child can get health coverage
