Grants Management System Selection

Background
The Children’s Defense Fund (CDF) is a 501 c3 based in Washington, D.C. with satellite operations in eight states. Its programs reach thousands of K-12 and college students annually as well as faith-based communities and multiple partner organizations. Its activities are supported by grants from individuals, foundations, and corporations. CDF uses Raiser’s Edge, Salesforce, and Sage Intacct to track donor and institutional funder interactions and relationships, and for overall financial management.

Scope of Work
The Children’s Defense Fund requests proposals that articulate how the firm can assist our organization in identifying and selecting an appropriate system and path that will address our grants management needs. 2. Assessment – Identify what is currently in place and where there are redundancies, gaps in functionality, or underutilization
3. Market analysis – Research solutions currently available in the marketplace that might address the identified needs/gaps
4. Product selection – Produce options with a cost/benefit analysis, along with compatibility for integration and requirements to implement
5. Recommendations – Provide recommendation(s) with rationale and suggested steps for implementation

The Children’s Defense Fund (CDF) envisions a nation where marginalized children flourish, leaders prioritize their well-being, and communities wield the power to ensure they thrive. CDF’s Leave No Child Behind® mission is to ensure every child a *Healthy Start*, a *Head Start*, a *Fair Start*,
a Safe Start, and a Moral Start in life and successful passage to adulthood with the help of caring families and communities.

We serve and advocate for the largest, most diverse generation in America: the 74 million children and youth under the age of 18 and 30 million young adults under the age of 25, with particular attention to those living in poverty and communities of color. CDF partners with policymakers, aligned organizations, and funders in this service. The Children’s Defense Fund is the only national, multi-issue advocacy organization working at the intersection of child well-being and racial justice by wielding the moral authority of programmatic proximity and community organizing to inform public policy.
