

## Children's Defense Fund Request for Proposal (RFP)

### National Observance of Children's Sabbaths Manual and Resource Design

#### SECTION I. Background and Process Overview

##### Background

The Children's Defense Fund (CDF) 501(c)(3) non-profit child advocacy organization that has worked relentlessly for more than 40 years to ensure a level playing field for all children. We champion policies and programs that lift children out of poverty; protect them from abuse and neglect; and ensure their access to health care, quality education and a moral and spiritual foundation. Supported by foundation and corporate grants and individual donations, CDF advocates nationwide on behalf of children to ensure children are always a priority.

CDF is a national organization with the capacity to work for children at federal, state and community levels across the country. CDF's headquarters is in Washington, D.C., with offices in California, Minnesota, Mississippi, New York, Ohio, South Carolina and Texas. [CDF Haley Farm](#) in Clinton, Tenn., is our home for spiritual renewal, character and leadership development, intergenerational mentoring, and interracial and interfaith dialogue about children's issues.

##### The National Observance of Children's Sabbath

The multi-faith [Children's Sabbath](#) weekend engages places of worship across the country in focusing prayers, worship, education programs, and action on learning more about the urgent problems facing our nation's children exploring sacred texts and teachings that call us to love and protect children, responding with outreach and advocacy, and—most importantly—inspiring leaders and faith communities to improve the lives of children. Some Children's Sabbath celebrations are community-wide, multi-faith gatherings, while others take place in individual places of worship. Together, we are inspiring change that will improve the lives of children.

Additional information about our organization, project, & scope of services is provided on subsequent pages and on our [website](#).

##### Process Overview

## **SECTION II. Current State**

The National Observance of Children's Sabbaths, was created by CDF in 1992 1) to unite places of worship across the nation and spanning Faith traditions to focus attention on the crises facing America's children, with particular focus on children of color and children in poverty; 2) educate members and communities about solutions and actions they can take; 3) inspire new responses through connecting individuals and faith communities to the texts, traditions, and teachings that call them to seek justice for children; 4) and promote multi-faith responses by lifting up the common concern and shared commitment of all people of faith.

## **SECTION III. Scope of Work**

CDF is seeking an **organization** to produce a theologically sound Manual that is in line with the CDF [Theory of Change](#). The Children's Sabbath Manual will be used by both CDF and CDF's community partners hosting their own Sabbath Celebrations across the country.

This year we will focus on Mobilizing Faith for Prenatal-to-Three Development; therefore, the 2023 theme for the Children's Sabbath is "A Little Child Shall Lead them". This theme comes from our campaign in partnership with the J.B. and M.K. Pritzker Family Foundation and Pritzker Children's Initiative. Click [here](#) for more about this campaign.

### **Children's Sabbath Manual**

The annual 2023 National Observance of Children's' Sabbath Manual should be drafted as a multi- faith congregational resource manual using the lectionary from the Christian tradition and commentary from the Jewish and Muslim traditions from scholars and practitioners. We seek cultural and authentic voices from these respected communities to represent a culturally relevant resource.

The Manual should raise issues facing children and families in the prenatal-to-three developmental stages. It should leverage early childhood learning (Click these links to see the [Pritzker](#) and [CDF research](#)) and theological approaches for

congregations and communities in service of side-by side moral case-building for collective action and public investment. The draft should include content for the Manual and related resources (CDF is responsible for all design). **Please draft this raw content in a sharable document.** The Manual will include resources such as:

- Liturgy
- Devotion
- Bibilcal commentary from the Hebrew Bible and Gospels
- Educational Resources
- Guided Prayers & Activities
- Advocacy Resources
- Children’s Lessons

The Children’s Sabbath materials will also include 2023 Children’s Sabbath Action Guides. The Action Guides will equip congregations and faith communities with ways to work with children, congregations, and communities for child advocacy and well-being. **The Action Guide should include these 3 options (2021 links from the CDF website are included as an example):**

- [“Family Suppers” Community Listening Projects](#)
- [CDF Child Watch Visitation Program Manual](#)
- [CDF Advocates’ Book Clubs \(ABCs\)](#)
- [Action Ideas](#)

The 2023 Children’s Sabbath Action Guides will be rooted in theological resources as a community organizing and policy toolkit to engage in justice work for child well-being locally, statewide, and nationally. For example, connect a scripture or a sermon as a way of equipping congregations to move into policy work/action. Please use and integrate CDF’s [2021 State of America’s Children](#) report.

#### **IV. Resources**

A theory of child well-being should undergird all of the Children’s Sabbath resources and materials. In addition, CDF has a partnership with the Pritzker Family Foundation and the Pritzker Children Initiative which focuses on prenatal-to-three development and advocacy – therefore, childhood development and advocacy should be reflected in these resources. Lastly, these deliverables should be grounded in culturally relevant pedagogy using resources that intersects Black/Latin American liberation, Womanist, Mujerista, Queer theologies for a programming framework that affirms the agency and lived experience of children and youth. Trauma informed resources should also be included in the work.
